RECOGNIZING GEORGE DUKE

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, I rise today to recognize Mr. George Duke, the chairman and sole owner of Zippo Manufacturing Company.

Started by George's grandfather in 1932, Zippo has become an American icon. From earning the nickname "the GI's friend" to becoming an inter-

national pop culture symbol, this famous windproof lighter transcends generations.

Since its invention, every Zippo windproof lighter has been proudly manufactured in Bradford, Pennsylvania. George knows Zippo's success would not be possible without the local community, and he continually gives back to the place he calls home.

Zippo's most recent investment in Bradford's future is through a generous gift to the University of Pittsburgh's Bradford Campus. Last fall, the campus opened a new engineering and information technologies building, and thanks to Zippo's investment, students are learning in state-of-the-art engineering labs.

This investment provides a hands-on, cutting-edge experience for students, ultimately helping them pursue successful engineering careers in the region and beyond.

Mr. Speaker, this investment goes beyond the walls of Pitt-Bradford. It is an investment in our community and in our future.

On behalf of a grateful community, I thank George Duke for his tremendous dedication to building a thriving workforce in Pennsylvania's northern tier.

ONE VOTE TO BAN ASSAULT WEAPONS

(Mr. LANDSMAN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LANDSMAN. Mr. Speaker, I rise today with a very heavy heart.

As a parent, my 11-year-old son is with me today on the House floor because it is spring break. I cannot imagine the pain and suffering that those parents in Nashville are experiencing.

As a Member of Congress, I can say that this is something that we can stop. It is complicated. We have a mental health crisis, and that is going to take a lot of time, a lot of money, and a lot of energy, but the guns, that is one vote to ban assault weapons, to tell the Defense Department, hey, buy all these assault weapons, these 20 million assault weapons. Give them to the military where they belong, and pass criminal background checks for all the other guns.

That is it. One vote. We are Congress. We can do it with a single vote. We just need more of us.

CELEBRATING THE LIFE OF DR. JESSICA MILLER MULLINIX

(Mr. CARTER of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CARTER of Georgia. Mr. Speaker, I rise today to celebrate the life of Dr. Jessica Miller Mullinix, a loving wife and doctor at Candler Hospital in Savannah.

Jessica had practiced as an obstetrician/gynecologist at Candler Hospital

in Savannah for 4 years, building a loyal following of patients, colleagues, and coworkers.

Jessica graduated with magna cum laude honors from the University of Georgia in 2009 and the Mercer University School of Medicine in 2014.

During her time at the Mercer University School of Medicine's Savannah campus, Jessica met her husband, Dr. Patrick Mullinix.

Jessica completed her residency at Eastern Virginia Medical School in Norfolk, Virginia, in 2018 before joining the staff at Candler where she was the first OB/GYN to serve the Pooler area at the St. Joseph's/Candler-Pooler Campus.

During her residency and 4 years at Candler, Jessica delivered more than a thousand babies.

Despite her health struggles, Jessica continued to work full time at Candler, fully dedicated to the many patients that depended on her.

Jessica will be dearly missed. Our thoughts and prayers are with her and her family.

PUTTING PEOPLE OVER POLLUTERS

(Ms. GARCIA of Texas asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. GARCIA of Texas. Mr. Speaker, I was hopeful that this Congress would be able to work together on bipartisan permitting reform. Unfortunately, it looks like extreme MAGA Republicans are hijacking H.R. 1 to put polluters over people. They seek to silence the voice of the community while doing little to nothing to lower energy costs.

Climate change is real. We need more American energy production across the board. Oil and gas workers in my district know that energy jobs can mean a real shot at the American Dream for working families.

This extreme MAGA proposal won't create all the energy jobs we must to remain globally competitive, but it does do this: It increases the deficit by \$2.4 billion.

We shouldn't have to choose between dirty air and polluted water just to meet the energy needs of the future. H.R. 1 picks winners and losers. The wealthy and well-connected win; workers lose.

I believe in workers. House Democrats will continue to lower energy costs for everyone and give future generations a cleaner, healthier environment because we put people over polluters.

HONORING THE LIFE AND LEGACY OF LINDA GREENBLATT

(Mr. MOLINARO asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)
